

JJ MONAGHAN

ABOUT JJ MONAGHAN

I grew up in a council estate in Montrose, Scotland. In 2017, I took my passion for watches and a drive to start something on my own and launched JJ Monaghan. The past 8 years have been full of ups and downs as with every business journey.

From having being worn on the BBC and Netflix, being invited to the Scotland National Team's hotel to fit some of the players and staff with watches, selling out 2 Scotland NT collabs in consecutive years to now signing the Celtic F.C. contract, it's been an incredible experience and one I want to continue building.

FOR THE BHOY

JJ MONAGHAN x CELTIC FC

Collaborating with the most successful team in Scottish football history is such an incredible achievement, I wanted to create a watch that not only reflects this honour but is worthy of this prestigious club. This is a watch worth passing down to your bhoy.

Featuring a Celtic-green dial engraved with the club's iconic four-leaf clover, protected by a scratch resistant sapphire crystal. The case is constructed using high precision 316L stainless steel and the watches are available with either a premium steel mesh band or soft fluoro rubber strap. Powered by a Swiss Ronda 763 quartz movement, it is reliable, accurate and robust.

SPECIFICATIONS

Case size:	42mm
Box:	Wooden black
Markers:	Super-Luminova
Case:	316L stainless steel
Glass:	Sapphire crystal
